The image shows a screenshot of a news website interface. At the top, there is a navigation bar with icons for home, user profile, search, and weather (0°C, COVID-19). The main content area is a grid of article thumbnails. Each thumbnail includes a small image, a headline, a category label, and a timestamp. The categories include 'Бизнес', 'Лайф', 'URBN', and 'Днес'. A large red rectangular area on the right side of the grid contains the text '300x600' in white, indicating the size of an advertisement placeholder.
